PRESENTS:

Pom Poko

POM POKO is a tale of the clash between modern civilization and the natural world. In the Tama Hills are being forced from their homes by the rapid development of housing. As it becomes harder to find food and shelter, they decide to band together and practice and perfect the ancient art of transformation until they are even able to transform themselves into humans. In often hilarious ways, the Raccoons use their powers to try to scare off the developers. But will it be enough? Or will the Raccoons learn how to live in balance with the humans?
